**Ramskyte:** Pioneers of robust ‘square harmony’ make a welcome return with an exciting programme entitled ‘Winter Songs and Traditions’. Apt and fit for the season, using the medium of song, performance, innovation and group participation, **John Bartlett, Pete Luscombe and John Thornton** will probe into our rich heritage of winter folk lore. ‘Wassailing’ its purpose and meaning, ‘Mumming’ with selected anecdotes, collective three part singing of an unusual winter song, the exploration of winter traditions and the mythology surrounding them, an opportunity, in small groups, to create your own unique tune to a set of original words and finally to enjoy a mini concert of winter material performed by Ramskyte and their inimitable ‘wall of sound’.

*“Ramskyte, huge, powerful & daring harmonies, a splendid choice of old & new songs. The room was vibrating with singers from start to finish.”*  
*Lewis Folk Club 09.02.2019*

Look them up and listen to them singing on Facebook and YouTube

NB: Whilst this is a Bring Your Own Lunch event, we will be providing our famous ‘Elizabeth’s Vegetable Soup’ and mince pies for your delectation!
